

MISSION

The Pan-African Productivity Association seeks to establish membership with all productivity centres and associations in Africa and to develop contacts with international organisations.

OBJECTIVES

- ❑ To provide a forum for promoting and sharing ideas and experiences on strategies, techniques and practices for productivity enhancement and accelerated economic growth and social development in Africa
- ❑ To encourage the development of a productivity culture in African economies in order to ensure better living standards on the African continent
- ❑ To foster cooperation and collaboration between national productivity organisations and other related bodies in and outside Africa with a view to promoting sustainable economic growth and productivity.
- ❑ To facilitate the establishment and development of national productivity organisations, centres or institutions in all African countries
